Now Open for Summer 2017! Apply October 18, 2016 - March 1, 2017

Paid Internships, Fellowships and Scholarships

“Everyone wants to be among greatness; so if you knew the upward mobility that students received from OSSl opportunities to intern and gain real-life research experience, then you would pride yourself in being a member of the ‘posse’ that has benefited from NASA’s OSSl - a force that helps propel us to greatness.”
- Marsha Cole, NASA Student Ambassador, Louisiana State University

“The OSSl application has been an invaluable resource that has continuously kept me updated regarding opportunities available at all NASA sites. I do my best to tell all students with whom I interact about the site, and I have seen it help many of them take part in career-transforming internships.”
- Alejandro Perez, NASA Student Ambassador, Massachusetts Institute of Technology

“My internship with NASA gave me the opportunity to step outside the confines of classroom theory and apply all the knowledge I obtained to tangible, challenging, and time-pressing problems that are facing the aerospace industry today.”
- Denisse Verónica Aranda, NASA Student Ambassador, Florida International University

Support for Graduate Study

“The One Stop Shopping Initiative is user-friendly and intuitively designed to complete an application within 30 minutes or less!”
- Stephanie Freeman, NASA Student Ambassador, Alabama A&M University

One Stop Shopping Initiative (OSSI) for NASA Internship, Fellowship and Scholarship Opportunities
An Innovative Solution to Support the STEM Workforce of Tomorrow

Earn and Learn with NASA!

**Earn**
- Paid internships and scholarships for undergraduate students at NASA Centers and installations
- Paid fellowships for graduate students at NASA Centers and installations

**Learn**
- College/University scholarships for undergraduate students
- Support for graduate studies

**Is it for Me?**
- Are you a U.S. citizen?
- Are you currently enrolled full-time in or accepted to an accredited U.S. college or university?
- Are you a student with a 2.8 or higher GPA?
- If you answered yes to these questions, you are eligible to apply!

**Apply**
- Go to http://intern.nasa.gov or scan the QR code on this flyer
- Click on either “Internships,” “Fellowships,” or “Scholarships”
- Click on “Log in/Register”
- Register and complete your student profile
- Complete your application
- Submit your application for up to 15 specific opportunities

**International Students**
- Visit the NASA OSSI LaunchPad at http://intern.nasa.gov and click on “NASA Intern and Fellow Opportunities for International Students”

---

**NASA Mission Directorates**

- **Aeronautics**
  - Enable a safer, more secure, efficient, and environmentally friendly air transportation system.

- **Human Exploration and Operations**
  - Operate the International Space Station and prepare for human exploration beyond low Earth orbit.

- **Science**
  - Exploring the Earth-Sun system, our own solar system, and the universe beyond.
